SPRING BREAK ART CAMP & WORKSHOP

Sponsored by CBTnu**o**ets

Movie-Making Art Camp

(Ages 6-12)

Class ID #2279

Join in a week of stop-motion animation movie making, art creating, and fun! In this camp, spend your mornings drawing and painting as you learn about different types of art and create your own artist portfolio. Spend your afternoons working with friends to create a storyboard, characters, sets, and everything else you need for your short movie. On Friday, we'll have an art exhibit and movie premiere, so invite your family and friends.

March 21-25

8:30am-5:00pm

Members \$157

Non-Members \$172

Art of Anime Cartooning Workshop

(Ages 10-16)

Class ID #2280

Do you love cartoons? Are you interested in anime? In this workshop, learn all about this Japanese style of cartooning. Your instructor, Nathan, will take you through drawing, inking, and coloring your own anime characters as well as popular anime characters. You will even spend time learning cool details like how to draw the perfect big eyes, wild hair styles, and crazy poses. This class is sure to be a blast whether you are new to anime or have lots of experience.

March 21-25

9:00am-12:00pm

Non-Members \$102

Youth Art Classes

(Ages 6-12)

Discover Drawing & Painting

Annee McHarry

Class ID #2272

Come to this class ready for a series of fantastic art adventures with your teacher Annee! Starting with primitive art forms, travel all the way through art history as you create your own portfolio of work. Discover new ways to draw and paint, be inspired by the work of famous painters like Michelangelo and Picasso, and experiment with new materials. Whether you are a new or returning artist, there is always something to learn. Show your family and friends all your masterpieces on the last day of class during your class "Art Exhibit!"

Tuesdays, April 12-May 31

3:30pm-5:00pm

Members \$64

Non-Members \$74

\$10 Materials fee

Crazy for Comics

Bring in all your creative story ideas and share them in picture form during this exciting class. Create your own comic book characters and send them on fabulous journeys through settings from your own imagination. Your instructor will teach you how to lay out comic book pages and comic strips, and use splash pages, frames, and gutters just like the pros do. You are sure to have a blast in this class as you learn what it takes to be a comic book artist. Share your comical creations on the last day of class during your class "Cartooning Showcase!"

Thursdays, April 14-June 2

3:30pm-5:00pm

Members \$64

Non-Members \$74

\$10 Materials fee

Clayin' and Playin'

Kenzie McConnell

Class ID #2274

Are you the kind of person who doesn't mind getting a little clay on you? Do you want to try your hand at making some 3D artwork? Then this class is perfect for you! Your teacher, Kenzie, will show you how to make pinch pots, sculpt animals, and create crazy creatures! Every day is a new project, allowing you to experiment with form, shape, texture, and finally color when you glaze your creations towards the end of the class. On the last day of class, invite your friends and family to come to your class "Art Exhibit" and show off your clay creations!

Wednesdays, April 13-June 1

3:30pm-5:00pm

Members \$64

Non-Members \$74

Young Adult Art Classes

(Ages 10-16)

The Art of Cartooning

Class ID #2276

Join in this eight-week session of creating characters, inventing storylines, and drawing your own cartoons! This class is perfect for students who are new to cartooning as well as those who already have practice. Your instructor has a variety of fun exercises that will turn up your creativity. Enjoy lessons on drawing anime, creating perspective, using shape and line, inventing facial expressions, sketching your favorite popular characters, and more. On the final day of class, bring along your family and friends to see your class "Art Show!"

Tuesdays, April 12-May 31

4:00pm-5:30pm

Members \$64

Non-Members \$74

\$10 Materials fee

Intro to Drawing

Are you interested in learning to draw? Maybe you already have some experience and want to improve your skills. Either way, this class is the right fit for you! Over these eight weeks, your instructor will help you use line, shape, value, and perspective to strengthen your work. A variety of media will be covered, including pencil, charcoal, and ink, allowing you to experiment and discover your favorite tools. On the final day of class, bring along your family and friends to see your class "Art Show!"

Wednesdays, April 13-June 1

Life Drawing: Figures, Faces, and Other Forms

Annee McHarry

Class ID #2278

This new class, taught by Instructor of the Year Annee McHarry, will focus on drawing a variety of forms, including figures and faces. The eight sessions will include drawing from different student models each week, as well as interesting still lifes. Learn how to accurately translate what you see onto your paper with the help of exciting drawing exercises. This class is sure to get you thinking about proportions, forms, shading, and more. You will also have many chances to learn useful tips and tricks from Annee. On the final day, bring along your family and friends to see your class "Art Show!"

Thursdays, April 14-June 2
